

Bethel Nov. 11<sup>th</sup> 1846

Dear Mrs Chapman,

I do not like that the box had  
go without a line from me, but  
I am indeed very busy, and am  
only just told you so - friend. My  
big friends have been working  
with a mind worthy of themselves  
and themselves, and their box  
and its contents, I am sure  
will rejoice your heart. A  
great & intent has been

excited here, that will induce  
from me a larger contribution  
to your Fair, every year until  
they, and you, shall be  
in want.

You will excuse the delay  
for a letter. Give my best regards  
to our Anti-slavery friends, especially  
to Wendell Phillips, and expect  
enough to pay Mr Garrison the  
undiscounted half dozen or my  
subscription towards H. Liberator  
for next year -

I was half of my life pleased  
it & it was a dear present  
and how glad I shall be to  
find that "The Rain", a sweet gift

Believe,

Yours ever deeply,

W. H. Hunt
